1. General Information

This document is a guide for H45-20030 Spring. Listed below are the tools which are compatible to the H45-20030 Spring spare part:

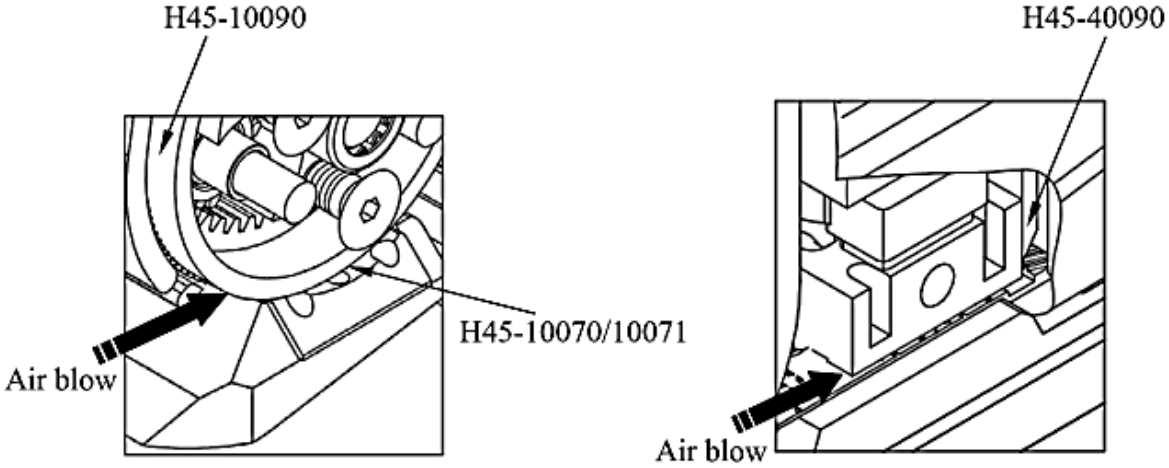

- H-45L-12 Battery Tool w.1 battery &1charger Part no.: 41211010
- H-45L-16 Battery Tool w.1 battery &1charger Part no.: 41211030

2. Maintenance Instructions

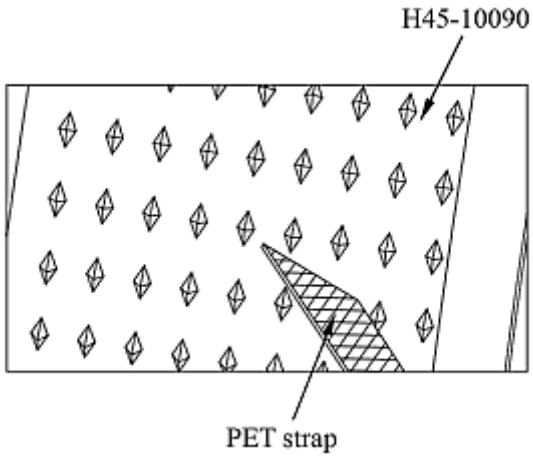

<u>Important: Take off the battery before opening the tool or start a maintenance</u>

- Use an air gun to clean the area around the Tensioning Wheel (H45-10090) and Gripper (H45-10070/H45-10071) and the area around the Cutter (H45-40090) daily. Be sure to use the air gun by blowing the debris from the left side to avoid getting inside the tool.

- If air gun could not dislodge the debris between the teeth of the Tensioning Wheel (H45-10090), PET (or other plastic) is suggested to dislodge the debris by lightly stroking the tip. Please do not use any metal material or hard material to avoid any damage to the teeth.

3. Requirements to do the repair and assembly of part(s)

Tool must not be used or repaired by persons not properly trained or knowledgeable with the assembly. Failure to follow the operating and assembly instructions or improper load positioning could result in strap breakage. Become familiar with the tool and keep fingers away from areas that can pinch or cut.

If in doubt contact our support team for further guidance and advice.

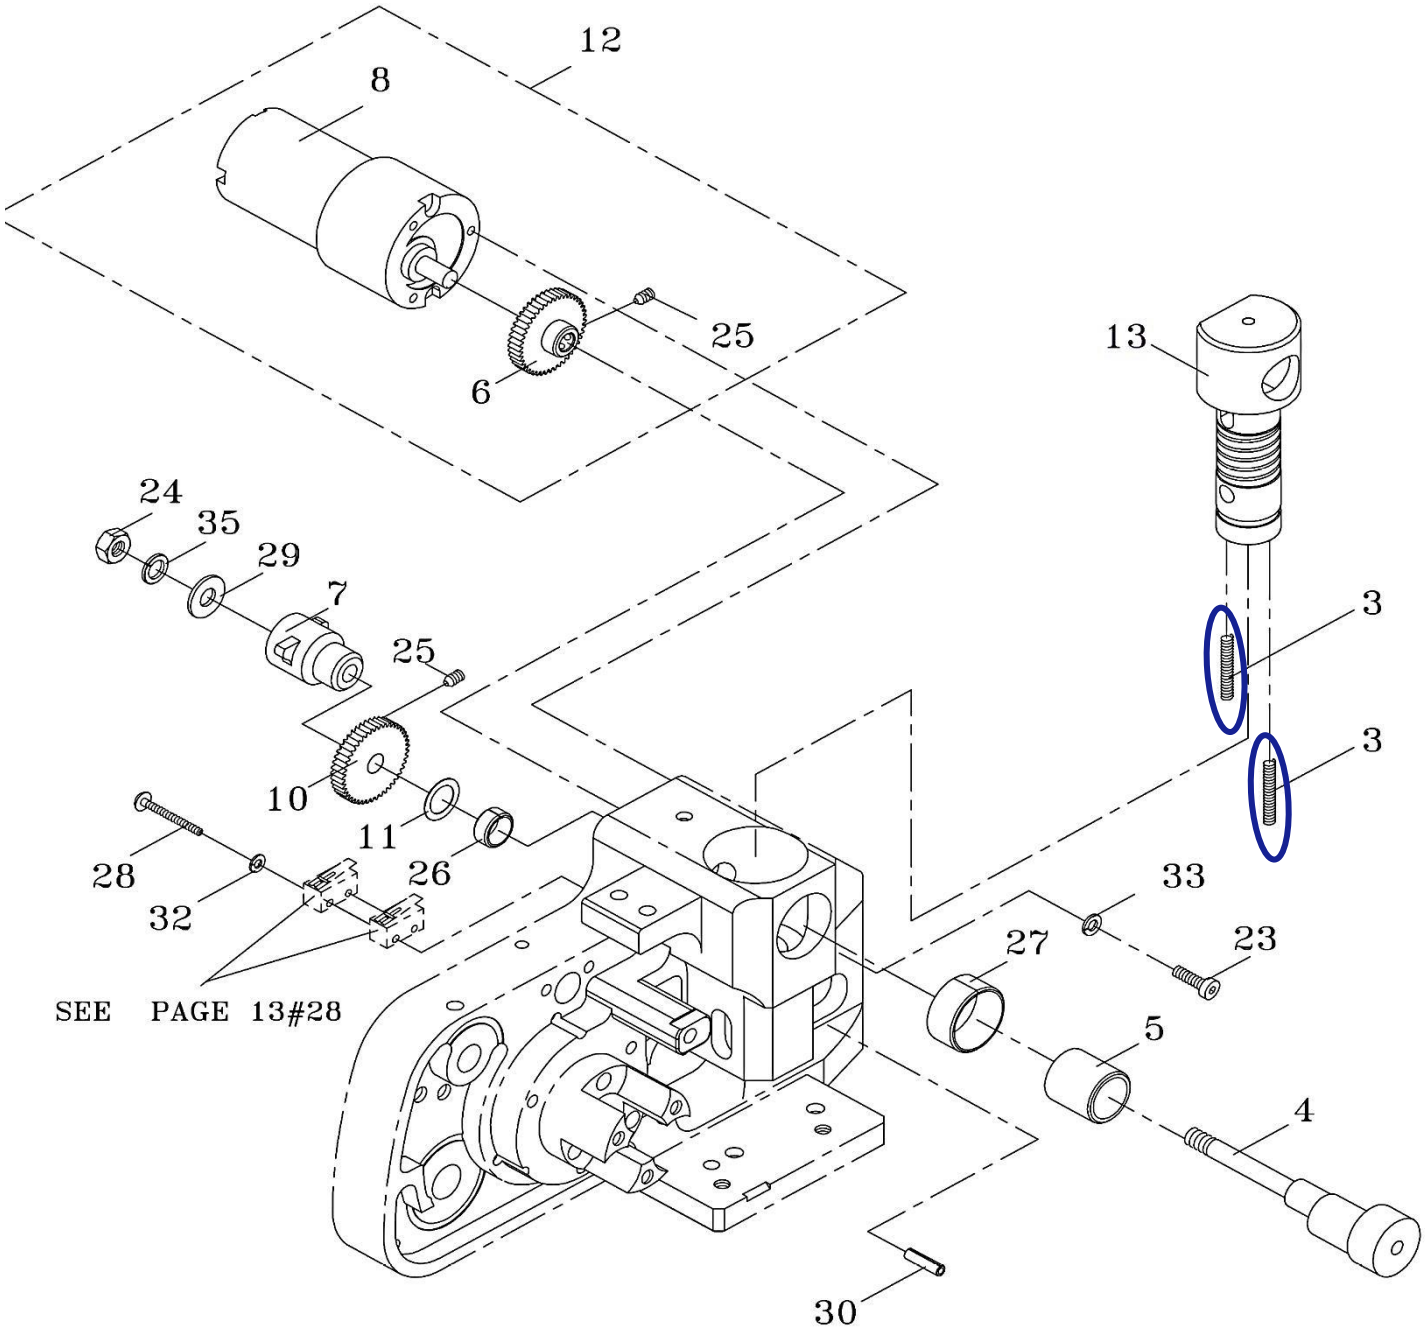

4. Spare Parts dismantling and assembly of H45-20030 Spring

H45-20030 Spring is a part in the Gripper Unit (H45-20000).

There are 2 pcs of H45-20030 Spring attached at the bottom of Spring Slide Ass'y (H45-20110), then installed to the Gripper unit (H45-20000).
