Ruian LM-LY3 Full Automatic Tag Threader Machine

This high-speed automatic hang tag threader machine is designed for Japanese and Korean hang tags and cards. It uses cold cutting for non-elastic cords such as cotton, gold, silver, and nylon. The machine can punch holes, thread, knot, and count in one go. It can be controlled by either a PLC system or buttons, runs at high speed, operates stably, and is easy to use. The hang tags and cards produced by this machine are perfect, uniform, and of good quality. It is a professional machine for making hang tags and cards.

Features

- Cold Cutting for Non-Elastic Cords
- All-in-One Functionality
- Dual Control Options
- High Speed and Stability
