YAO HAN U700C – High Speed Bag Closer

Heavy-Duty Industrial Bag Closing Machine with Mechanical Thread Cutter

The YAO HAN U700C is a high-speed, heavy-duty industrial bag closing machine designed for reliable stitching of filled bags. Equipped with a single-needle, two-thread stitching system and mechanical thread cutter, the U700C provides efficient bag closure for industrial packaging applications.

Its well-balanced rotating components minimize vibration, while the dust-protected construction supports reliable operation in demanding packaging environments.

Key Features

- High-speed operation at 1,800 rpm.
- Single-needle, two-thread stitching system.
- Mechanical thread cutter.
- Adjustable stitch length from 6.5 to 11 mm.
- Well-balanced rotating components for reduced vibration.
- Dust-protected internal components.
- Suitable for various industrial bag materials.

Applications

Suitable for closing filled bags made from:

- Burlap and jute
- Woven polypropylene
- Cotton
- Plastic
- Paper

Technical Specifications	Details
Model	YAO HAN U700C
Machine Type	High-Speed Bag Closer
Needle	1
Thread	2
Operating Speed	1,800 rpm
Stitch Length	6.5–11 mm
Needle Type	9848GS
Presser Foot Height	11 mm
Thread Cutter	Mechanical
Net Weight	30 kg
Gross Weight	31 kg
Item Number	42828020
