Spare Parts Assembly

TB-143 Round Belt is part for the Semi- Automatic Polypropylene Strapping Machine. The Round Belt is connected to the following spare parts:

264 – HSS, M6x6
225 – Bush
155 – Nut
224 – Spring Retainer
154 – Spring
175A – Plate
143 – Round Belt
176 – Friction Disc

The TB-143 Round Belt is located inside the Body Frame of the Strapping Machine. It is placed among the parts that are placed on TC-002 (Bracket). TB – 143 is among the parts that make up the Strapping Head which is among the parts that make up the Bracket Assy.

TB-143 (Round Belt) is connected by the Plate (TB-175A) and Pulley (TB-139) for both ends, it is in between parts Friction Disc (TB-176/ TJ-025) and Spring Retainer (TB-224).
